

5/14/20

Information meeting with Rec Fields committee chairs (Jon Konold and Tony Ahman) to discuss possible combination of "Legacy" building to be in place of dome and also be Rec/Event Center

Questions asked:

Cost? 3.2 million versus Bubble 1.4-1.8 million and Turf field 1 million, then Rec/Event ctr. costs

Seating? Many different options, they can do just about anything

Always turf? You can cover the turf when wanted

Why was this option not considered from the beginning? The Bubble/Dome was presented to voters so that was the avenue they ran with, but now with budgetary constraints other options are being discussed. Still provides what was voted on.

Where would it be positioned? North end

Size? 360 foot field, 100 foot courts

Example to potentially tour: Wrestling facility Kimball, 8 court tennis facility Rogers, Ice arena Sartell, Indoor soccer complex Burnsville, Texas A&M view online

Jon or Tony will connect our committee with Shannon from Legacy for additional questions
