

5/21/20

Right now budgets are being reduced to having 66% of original budget within the 13 years, roughly 5.6 million

\$200,000 has already been billed out to LSE for their design work

Rec fields are prioritizing the bubble with removeable and stored protective covering, is turf removable?

It is a roll-up option called a "magic carpet", very expensive

If it won't connect isn't that a priority?

Maybe we should go see Kimball and/or Rogers

Goal is unstaffed, no operational costs an as low maintenance as possible
