

Community Notification of a Level III Predatory Offender

The Willmar Police Department provides community education and notification as it relates to Level III offenders who are subject to registration as predatory offenders. This is normally done at the time an offender moves into a community or has indicated their intent to move into a community. Level III predatory offenders are individuals identified by the Department of Correction as having a higher chance of re-offending.

The Willmar Police Department wishes to inform the community that a Level III predatory offender subject to registration and identified as Matthew Scott Rorvig will establish residency within Willmar upon his release on February 18, 2014. Mr. Rorvig is not wanted by the police and he will have served his sentence.

The following "Fact Sheet" regarding Mr. Rorvig contains information provided by the Minnesota Department of Corrections and will become available at the link provided. To search for Level III sex offenders in the State of Minnesota, see the [Minnesota Department of Corrections Level 3 Predatory Offender Information](#) website.
