Members Absent: Margaret Fleck, and Scott Thaden.

Others Present: Megan M. DeSchepper-Planner.

2. MINUTES: The minutes of the October 28, 2015 meeting were approved as submitted.

3. MINNWEST TECHNOLOGY CAMPUS PETERSON ARCHITECTURAL DRAFTER PLAN REVIEW- FILE NO. 15-10: Staff presented, on behalf of the applicant MinnWest Technology Campus, the plan review for an office lease for Dan Peterson an architectural drafting office on property legally described as follows: Unit 5, MinnWest Technology Campus, CIC #40 A Planned Community (1700 Technology Dr. NE). Mr. Peterson will be partnering with an Architectural firm out of the metro and will be a satellite office.

Staff comments were reviewed and discussed (see Attachment A).

Mr. Poe made a motion, seconded by Mr. Gardner, to approve the plan review with the following condition:

- A. The use shall meet all applicable local, state, and federal rules and regulations.

The Planning Commission reviewed and made affirmative findings of fact as per Zoning Ordinance Section 9.E.3.a.1-7.

The motion carried.

4. SCHMITT SECOND ADDITION FINAL PLAT- FILE NO. 12-02: Staff presented the final plat on behalf of the applicant Ken Schmitt of a two lot and two outlot subdivision on property legally described as follows: Lot 1, Block 1, Schmitt Addition (202 19th Ave. SE). Mr. Schmitt wishes to subdivide the existing lot that Culvers is on and create a second lot with a private drive on Outlot A and Outlot B is an existing stormwater pond. There will be articles/declarations spelling out the ownership, maintenance, and access for the outlots. The applicant is planning on paying off the existing assessments.

The Planning Commission reviewed and discussed staff comments (see Attachment A).

The Commission talked about additional easements and setbacks. Staff assured the Commission that the requested easements did not affect setback or buildability of the lot.

Mr. Czarnetzki made a motion, seconded by Mr. Standfuss, to approve the final plat with the following conditions:

- A. Declarations/articles for the outlots shall be submitted for City review prior to final plat signatures and it shall be recorded with the plat.
- B. Assessments shall either be paid in full or reapportioned.

The motion carried.

- 5. GIBBY ADDITION FINAL PLAT-FILE NO. 15-05: Staff presented, on behalf of Adam and Holly Gibson, the replat subdivision of their residential lot and a portion of an adjacent outlot to allow for a garage addition on property legally described as follows: Lot 4, Block 2, Eagle's Landing Phase II AND part of the Outlot B Eagles Landing Phase II (101 34th Ave. NE). Staff explained that the garage addition would have been very limited and required a variance; the applicant is purchasing land from the homeowners association to combine with their existing parcel. There is still a portion of Outlot B between the newly created lot and the County Road right-of-way, so a 10' side yard setback is required not a 30' from right-of-way setback. There is a mitigated wetland buffer area in the outlot but the garage addition will not impede the buffer.

The Commission reviewed and discussed staff comments (see Attachment A).

Mr. Gardner made a motion, seconded by Mr. Standfuss, to approve the preliminary plat as presented.

The motion carried.

- 4. With no further business to come before the Commission the meeting adjourned at 7:20 p.m.

Respectfully submitted,

Megan M. DeSchepper, AICP
Planner/Airport Manager
